Hassan, India.

Professional Summary

Detail-oriented and enthusiastic **Java Full Stack Developer** with academic experience in designing and building full-stack web applications using Java, Spring Boot, and React.js. Strong foundation in object-oriented programming, backend services, and RESTful API development. Looking for an entry-level opportunity to contribute to innovative development projects.

Technical Skills

- Programming Languages: **HTML5, CSS3, JavaScript, Bootstrap, Python, Java.**
- Tools / Platforms: VS Code, MS word, Anaconda Prompt, Eclipse.
- **Frameworks:** **React.js, Bootstrap, Spring boot.**
- **Databases:** MySQL, PostgreSQL,Xampp.

Academic Qualification

B.E in Computer Science Engineering

Navkis College of Engineering

2021 – 2025 | CGPA: 8.4/10

Internship

- Techciti: web development like HTML, CSS, JavaScript, bootstrap, python | March- 2024
- Itvedant: It is training on Full Stack Java like HTML5, CSS3, Java, JavaScript. | July-2025
- 10 SECONDS: It is summer internship training on Soft Skills C Microsoft office. | April-2022
- National cybersecurity Centre of Excellence: the intern received training in networking, web application Scanning, Vulnerability Analysis. | Oct-2023

Projects

1. Implemented of Vulnerability Scanner Using Flutter

Tech Stack: Html, CSS, flutter.

- Collection of Security Datasets, Data Preprocessing and Feature Engineering, Automated Extraction of Security Features, Security Tools Integration, Training the ML Model.

2. Application for live update on ICD Schemes (ALPHA)

Tech Stack: React.js, PostgreSQL, HTML5, CSS3, python.

- The alpha project is a transformative initiative designed to enhance the management and delivery of integrated child development services (ICDS), pre-school education and health monitoring at Anganwadi centers.

3. E-Commerce

Tech Stack: Python, HTML, MySQL,

- Designed and implemented RESTful API for product listing and order management. Handled role-based authorization and JWT token authentication. Used JPA for data persistence and exception handling.

Certifications

- Soft Skill and Microsoft - From 10 seconds (2022).
- Ethical hacking and cyber security workshop - From NICC (2023).
- Introduction to Artificial intelligence - From Infosys/Springboard (2023). • python - Hacker Rank (2024).
- Full Stack Development with Spring Boot &React- itvedant (2025) Academic Qualifications

Soft Skills

Analytical Thinking | Team Collaboration | Communication | Adaptability
